Bone Barrel Cover

Product ID	34300
Description	Reduce clean-up time and curb the spread of bacteria in your meat or seafood department with our corrugated bone barrel cover. The cover's grooves help to capture blood and other juices and direct them into the bone barrel rather than onto surfaces where they can become a health hazard. Our unique cover design adapts to most standard bone barrel sizes with ease and adheres to the strictest FDA and USDA sanitation standards.
Length	28.13" diameter
Width	28.13" diameter
Height	3"
Weight	3.0 lbs
Color	White
Material	Plastic
